SETCAN® CONVOY LARGE EFFECTS KIT
PAGE 1 OF 3

QTY
1

PELICAN CASE LARGE

- Large storage case
- Durable latches and comfortable overmolded handle
- Dense ULB charcoal ester foam inserts

QTY
1

ECHO - 4 DEVICES IN CADDY WITH CAC

Includes:

- 1 - 5 Cell Caddy
- 1 - 4 Air-Solenoid Trigger/Compressed Air Chamber
- 4 - ECHO Device
- 2 - Battle Effect Illumination for night training
- 2 - 4.5" (11 cm) Ground Stake
- 1 - 5 Pin Connector Harness

QTY
4

ECHO POWDER VOLUMIZER

- 6" Volumizer with Male Union installs on existing ECHO System
- Doubles the FX Powder (Cool Smoke) capacity/powder signature effect
- Holds 11 ounces of FX Powder (Cool Smoke)
- Mil spec hard anodized matte finish

QTY
4

ECHO BOTTLE PROTECTOR

- 12" Bottle Protector safeguards device when burying or placing a single
- ECHO device on a roadway
- Protects Both 35-HPN and 9R Bottles
- Mil spec hard anodized matte finish

QTY
2

BOTTLE HEAD ADAPTER - PROJECTS FX IN ALL DIRECTIONS

- Used on the larger MIL-SIM-FX tubes for detonating PET bottles
- Allows for maximum audio signature
- Projects FX smoke in 360 degree dispersion

QTY
2

BOTTLE HEAD ADAPTER - PROJECTS FX FORWARD

- Directional Charge Capabilities (60° Cone Spray)
- Used on the larger MIL-SIM-FX tubes and ECHO System for exploding plastic beverage bottles
- Allows for maximum audio signature

QTY
2

HEAD - EXPLOSIVELY FORMED PENETRATOR (PAINT BALLS)

- Explosively Formed Penetrator Simulator Head
- Specifically designed to be used with marking rounds
- 42" (107 cm) marking zone at approximately 25 feet (7.6 m)
- MIL spec anodized matte finish

QTY
2

COMBO DISK HEAD (TAKES GBD)

- Head uses both rubber and plastic burst discs
- Machined aluminum
- MIL spec anodized matte finish
- Retainer Ring Sold Separately (needed for Rubber Burst Disc)

QTY
1

PRESSURE ACTIVATION DEVICE

- Uses disposable 12 gram cartridge for initiation
- Machined aluminum
- MIL spec anodized matte finish

QTY
1

PRESSURE RELEASE DEVICE

- Pressure Release Detonator
- Uses disposable 12 gram cartridge for initiation
- Machined aluminum
- MIL spec anodized matte finish

QTY
1

4 CHANNEL TRANSMITTER AND RECEIVER

- Long range detonator system w/4 Channel Transmitter
- 27 Mhz - .5 mile (.8 km) LOS
- Normally Open/ Normally Closed firing circuit
- Remote control mobile power pack with 16 AA batteries

QTY
1

4 WAY ADAPTER (DAISY CHAIN)

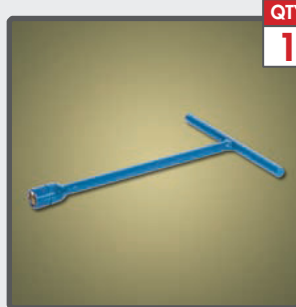

- Used for daisy chaining four MIL-SIM-FX devices together
- Machined aluminum

QTY
1

MULTI-FUNCTION DEVICE

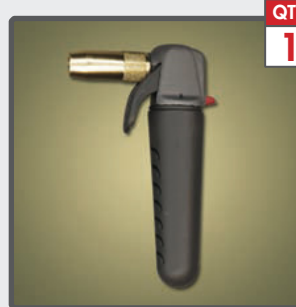

- Detonates any MIL-SIM-FX device
- Uses disposable 12 gram cartridge for initiation
- Tripwire, Command, Pressure Sensitive capabilities
- Machined aluminum
- MIL spec anodized matte finish

QTY
1

T-HANDLE NUT DRIVER (REMOVE DEVICES FROM CADDY)

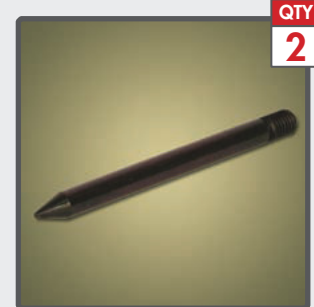

- Used to remove the MIL-SSFAS/W-2 Fasteners from the 5 cell caddy
- Also used to remove airline connectors
- Powder-coated blue

QTY
1

QUICK FILL TRIGGER (FILLING CAC)

- Used for rapid filling of low pressure air devices
- Uses disposable 12 gram cartridges
- Cast and machined plastic

QTY
2

8 INCH GROUND STAKES (ECHO OR MFD)

- 8" (20 cm) ground stake used on the ECHO System for additional elevation
- Heat treated anodized steel

QTY
2

BOTTLE ADAPTER FOR GREEN PET BOTTLES

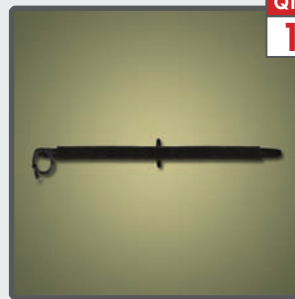

- Works in conjunction with the Concussive FX PET Bottle Adapter Head and the Directional Charge PET Bottle Adapter Head

QTY
1

FRAGMENTATION BAG

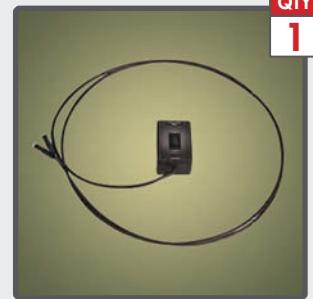

- Durable, camouflage net that protects personnel from debris caused by the detonation of sphere bottles when using the ECHO System

QTY
1

ANTI-VEHICLE PRESSURE MAT

- Vehicle activated external trigger with banana plugs
- Wire leads (approximately 19 feet) attach to a power source to detonate device
- Pressure applied activation 200+ LB activation

QTY
1

ANTI-VEHICLE STRIP TIMER BOX

- Regulates the on time for the Vehicle Pressure Mat

QTY
1

FIRING INDICATOR SET (TEST ECHO PRIOR TO GOING TO USE)

- Dry Firing Set for New Equipment Training
- Can be used for indoor classroom environment or outdoor systems use

QTY
8

35-HPN (HIGH PRESSURE BOTTLES)

- Refillable HPN bottle with high flow valve
- Used in large MIL-SIM-FX devices
- Includes Magnetic Bottle Valve Cap
- Light weight alloy steel cylinder
- Powder coat finish
- Machined brass

QTY
1

QUAD QUICK FILL COMPRESSOR

- A high pressure compressor that permits filling of 4 high pressure bottles at the same time.
- Safety regulators prevent overfilling.
- Can fill High Pressure Bottles in 6 minutes
- Easy operation, ready to use
- Muffler standard to reduce noise
- Includes Bulk Tank Adapter Hose
- Middle East Custom Air Compressor
